ARE YOU A LICENSED REGISTERED NURSE SEEKING A BACHELOR OF SCIENCE IN NURSING DEGREE?

Applicants must have a current, active, and unencumbered RN license.

To receive a Bachelor of Science in Nursing (BSN), students must complete at least 180 quarter units as articulated in the general catalog, 45 of which must be completed at National University, 76.5 of which must be completed at the upper-division level and the program must fulfill the University General Education requirements. In absence of transfer credit, students may need to take additional general electives to satisfy the total units for the degree. Remedial courses accepted for the ASN degree may not transfer. Students should refer to the section on undergraduate admission procedures for specific information on admission and evaluation.

A maximum of 45 quarter units (30 semester units) of lower division credit may be allowed for clinical courses for a registered nurse who is a graduate of a three-year hospital nursing school. Up to 22.5 quarter units (15 semester units) of additional lower division credit may be granted for academically equivalent coursework. Students should refer to the section on undergraduate admission procedures for specific information on admission and evaluation.

Accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges (WASC); the Commission on Collegiate Nursing Education (CCNE) for the Bachelor of Science in Nursing Program; the International Assembly for Collegiate Business Education (IACBE) for the School of Business and Management; and approved by the Commission on Teacher Credentialing (CTC). National University is nonprofit and does not discriminate in any of its policies or practices on the basis of race, ethnicity, religion, national origin, sex, disability, age, or veteran status.

■ BACHELOR OF SCIENCE IN NURSING (B.S.N.) RN COMPLETION (CALIFORNIA)

Faculty Advisor: Donalee Waschak; (661) 362-5877; dwaschak@nu.edu

INFORMATION APPLICABLE TO RN to BSN COMPLETION PROGRAM

Individuals expressing interest in studying nursing at National University will be provided with objective counseling regarding all of the options available to them through the Department of Nursing. Enrollment in the University does not automatically include admission to a nursing program

Equivalency Requirements

Licensed RNs who have not earned the Associate of Science in nursing degree can meet equivalency requirements by completing the general education requirements, the preparation for the major and Anatomy and Physiology (12 quarter units). Students can use Anatomy and Physiology to meet the Physical and Biological Sciences general education requirements, or they can use prior coursework from other regionally accredited institutions. The basic nursing education program must have included coursework in those areas required by the California Board of Registered Nursing.

Admission Process

See the current catalog for detailed information.

Program Advisement

All accepted students will be assigned a Nursing Faculty Advisor. Students are encouraged to periodically communicate with both the Nursing Faculty Advisor and the University Advisor throughout the program.

Program Learning Outcomes

Upon successful completion of this program, students will be able to:

- Develop caring, therapeutic nursing relationships with individuals, families and groups
- Provide safe, high quality, culturally competent, patient-centered nursing care for individuals across the life span in a variety of settings.
- Participate in the continuous improvement of nursing care quality and safety.
- Use nursing judgment to manage, prioritize, and delegate patient care in a variety of health care settings.
- Effectively communicate and collaborate with patients and the interdisciplinary team.
- Demonstrate professional identity by incorporating established standards of practice within the legal and ethical framework of nursing.
- Apply best, current evidence into nursing practice to achieve desired outcomes.

Degree Requirements

To receive a Bachelor of Science in Nursing (BSN), students must complete at least 180 quarter units as articulated in the general catalog, 45 of which must be completed at National University, 76.5 of which must be completed at the upper-division level and the program must fulfill the minimum 70.5 units of University General Education requirements. In absence of transfer credit, students may need to take additional general electives to satisfy the total units for the degree. Remedial courses accepted for the ASN degree may not transfer. Students should refer to the section on undergraduate admission procedures for specific information on admission and evaluation.

A maximum of 45 quarter units (30 semester units) of lower division credit may be allowed for clinical courses for a registered nurse who is

a graduate of a three-year hospital nursing school. Up to 22.5 quarter units (15 semester units) of additional lower division credit may be granted for academically equivalent coursework. Students should refer to the section on undergraduate admission procedures for specific information on admission and evaluation.
